Faculty of Medicine
University of Malaya

Dear Colleagues,

We are proud to present to you Endoscopy 2006 with the theme "Frontiers of Therapeutic Endoscopy". This live demonstration workshop will be held from 14 to 16 April 2006 at the Dewan Jemerlang, Faculty of Medicine, University of Malaya.

As always we have assembled a top class faculty for this workshop.

Professor Anthony Axon, President of the World Organisation of Digestive Endoscopy (OMED) and a pioneer in GI Endoscopy, will deliver the Distinguished Lecture.

Dr Naohisa Yahagi, who is the innovator and pioneer of endoscopic submucosal dissection, will demonstrate the use of this technique in the treatment of early colorectal and gastric cancers.

Dr Seo Dong-Wan, a very talented endoscopist, will demonstrate percutaneous cholangioscopic techniques in the treatment of intrahepatic stones as well as treatment of difficult bile duct stones with a mother-baby scope. He is an expert in ERCP.

Professor Irving Waxman from USA is a world expert on EUS as well as ERCP, enteroscopy and capsule endoscopy and will demonstrate on these techniques and will conduct a hands-on workshop for a limited group on Sunday, 16 April afternoon.

Dr James Lau is an authority in endoscopic treatment of UGI bleeding and will show us some of his special tricks. Dr Lau is also an accomplished endoscopist adept with ERCPs and esophageal work as well. A round table discussion on the management of UGI bleed will be held on the evening of Friday, 15 April.

The GIAs will have an interesting and power-packed course with Dr James Lau as guest faculty, on Friday, 14 April followed by a truly "let you hair down" exciting "Gala night".

The endoscopy workshop dinner on the night of Saturday, 16 April will be as always open to all participants and promises an evening of superb entertainment.

Do not miss ENDOSCOPY 2006 which will prove yet to be another very exciting and highly beneficial workshop.
