

Inaugural Australasian Neurogastroenterology and Motility Masterclass at the Translational Research Institute, 1st and 2nd March 2024

Dear colleagues,

We are excited to invite you to the first Australasian Neurogastroenterology and Motility Masterclass, held on March 1st and 2nd, 2024, at the Translational Research Institute in Brisbane. This event is specifically designed for clinicians who care for patients with these common health conditions, researchers who want to expand their knowledge of disorders of gut-brain interaction (DGBI), and industry partners.

Attending this Masterclass will offer a fantastic opportunity to strengthen your understanding of Neurogastroenterology and Motility. Additionally, it will enable you to network with leading national and international experts in this field, which is highly relevant in clinical practice but often receives insufficient attention. The topics discussed during the event will undoubtedly offer new perspectives and discoveries that can significantly enhance clinical practice and research.

Faculty:

Alex Boussioutas, Australia

Rebecca Burgell, Australia

Phil Dinning, Australia

Uwe Dulleck, Australia

Kerith Duncanson, Australia

Emma Finch, Australia

Uday Ghoshal, India

Peter Gibson, Australia

Chris Gillispie, Australia

Kok-Ann Gwee, Singapore

Magnus Halland, Australia

Emma Halmos, Australia

Gerald Holtmann, Australia

Michael Horowitz, Australia

Phil Hugenholtz, Australia

Mike Jones, Australia

Michael Kamm, Australia

Purna Kashyap, US

Simon Keely, Australia

Jutta Keller, Germany

Justin Lee, Malaysia

Peter Malfertheiner, Germany

Richard McCallum, US

Antonina Mikocka-Walus, Australia

Mark Morrison, Australia

Jenny Myers, Australia

Greg O'Grady, NZ

Lauren Schooth, Australia

Ayesha Shah, Australia

Nicholas Talley, Australia

Nikhil Thapar, Australia

Yinglian Xiao, China

Please use the link below to register:

Our key sponsors:

0900 Welcome
Gerald Holtmann

Scientific Session 1 CONCEPTS AND PARADIGMS Chairpersons | Peter Gibson, Ayesha Shah

- 0910 1.1 What are Disorders of Gut Brain Interaction? Clinical Assessment and Approaches to diagnose?
Nicholas Talley
- 0935 1.2 Is our food to blame for the manifestation of DGBI?
Emma Halmos
- 1000 1.3 Mucosal or systemic inflammation in DGBI - cause, consequence or innocent bystander?
Simon Keely
- 1025 Q&A
- 1030 MORNING REFRESHMENTS | *Exhibition Area*

Scientific Session 2 OESOPHAGUS AND TRAINING Chairpersons | Nicholas Talley, Jenny Myers

- 1100 2.1 Approach to the patients with oropharyngeal dysphagia: the speech pathologists view
Emma Finch
- 1120 2.2 High resolution Manometry: tips and tricks
Jenny Myers
- 1140 2.3 Differential diagnosis for altered oesophageal motility
Uday Ghoshal
- 1200 2.4 How to ensure that the next generation of clinicians provides the services our communities need in relation to DGBI?
Alex Boussioutas
- 1220 Q&A
- 1230 LUNCH | *Exhibition Area*

Scientific Session 3

FUNCTION AND DISORDERS OF THE GASTRODUODENAL REGION

Chairpersons | Justin Lee, Mike Jones

- 1330 3.1 Approach to the patient with nausea, vomiting and suspected gastroparesis
Richard McCallum
- 1350 3.2 New insights into duodenal microbiota in DGBI
Lauren Schooth
- 1410 3.3 Electric mapping and gastric motor function: past, present and future
Greg O'Grady
- 1430 3.4 Gastric Motility Disorders in Patients with Diabetes
Michael Horowitz
- 1450 Q&A
- 1500 AFTERNOON REFRESHMENTS | *Exhibition Area*

Scientific Session 4

DISORDERS OF THE SMALL INTESTINE

Chairpersons | Uday Ghoshal, Grace Burns

- 1530 4.1 The small intestine as the microbiologists new terra incognita
Mark Morrison
- 1550 4.2 Small intestinal dysbiosis and DGBI: past, present and future
Ayesha Shah
- 1610 4.3 Intestinal pseudo-obstruction
Nikhil Thapar
- 1630 Q&A

Friday 01 March

Scientific Session 5
SUNSET SESSION: COMPLEMENTARY THERAPIES
Chairpersons | Gerald Holtmann, Kok-Ann Gwee

- | | | |
|------|-----|--|
| 1700 | 5.1 | The Journey from Ancient Herbal Remedies to Evidence-Based Herbal Medicines for DGBI
Peter Malfertheiner |
| 1720 | 5.2 | Herbal Medicines for DGBI: Any Added Value to Established Pharmacotherapies?
Yinglian Xiao |
| 1740 | | Q&A, Panel Discussion |
| 1800 | | WELCOME RECEPTION |

Saturday 02 March

Breakfast Sessions 0800 - 0845

- | | |
|-----|---|
| B.1 | What can Epidemiology teach us about DGBI?
Mike Jones |
| B.2 | Ambulatory Reflux Monitoring: Case-Based Discussion
Jenny Myers |

Scientific Session 6
ENABLERS FOR RESEARCH AND CLINICAL PRACTICE
Chairpersons | Kok-Ann Gwee, Ayesha Shah

- | | | |
|------|-----|---|
| 0900 | 6.1 | Managing difficult DGBI with abdominal pain, bloating/
distension
Justin Lee |
| 0920 | 6.2 | The Gut-Brain Axis: translating the concept into clinical
practice
Gerald Holtmann |

- 0940 6.3 Climate Change the emerging risk for DGBI
Nicholas Talley
- 1000 6.4 Standardisation and quality assurance of function testing. A European perspective
Jutta Keller
- 1020 Q&A
- 1030 MORNING REFRESHMENTS | *Exhibition Area*

Scientific Session 7

NON PHARMACOLOGIC INTERVENTIONS IN PATIENTS WITH DGBI Chairpersons | Peter Gibson, Emily Hoedt

- 1100 7.1 Targeted modulation of the GI microbiome: prebiotics, probiotics and faecal transplantation
Purna Kashyap
- 1120 7.2 Non-FODMAP and FODMAP interventions in DGBI
Kerith Duncanson
- 1140 7.3 Psychological interventions in DGBI
Antonina Mikocka-Walus
- 1200 Q&A, Panel Discussion
- 1230 LUNCH | *Exhibition Area*

Scientific Session 8

COLORECTAL DISORDERS

Chairpersons | Uday Ghoshal, Kerith Duncanson

- 1330 8.1 The Irritable bowel syndrome - a syndrome with many causes?
Kok-Ann Gwee
- 1350 8.2 Diagnostic and therapeutic approach to the patient with defecation disorders and incontinence
Rebecca Burgell
- 1410 8.3 Anorectal & Colonic Manometry: What I need to know?
Phil Dinning
- 1430 8.4 The surgeons approach to functional rectal disorders
Chris Gillispie
- 1450 Q&A
- 1500 AFTERNOON REFRESHMENTS | *Exhibition Area*

Scientific Session 9 DRIVERS FOR CHANGE AND CHALLENGES OF THE ESTABLISHED LANDSCAPE IN DGBI Chairpersons | Justin Lee, Gerald Holtmann

- | | | |
|------|-----|---|
| 1530 | 9.1 | Health economic evaluation of interventions for FGID/
DGBI
Uwe Dulleck |
| 1550 | 9.2 | Molecular techniques for microbiome assessment: ready
for prime time
Phil Hugenholtz |
| 1610 | 9.3 | New toys and tools for diagnosing DGBI
Peter Gibson

The experts perspectives - Gastrointestinal functional
testing in patients with DGBI: |
| 1630 | 9.4 | Upper gastrointestinal tract
Magnus Halland |
| 1645 | 9.5 | Lower gastrointestinal tract
Michael Kamm |
| 1700 | | Closing Remarks
Nicholas Talley & Gerald Holtmann |
