# WELCOME MESSAGE

Dear Colleagues, Friends and Biomedical Industry Partners.

The Organising Committee of **GUT 2022 with the theme “New Beginning New Science”** welcomes you to join us this **19<sup>th</sup> to 21<sup>st</sup> August 2022** at the **Kuala Lumpur Convention Centre (KLCC)** for our Annual Scientific Meeting of the Malaysian Society of Gastroenterology and Hepatology (MSGH). This year marks a New Beginning post-pandemic, and there are many New Sciences in the field, thus the theme for Gut 2022. As we transit into the ‘old normal’ post-pandemic, we will hold the meeting in a hybrid format; however we highly encourage physical attendance at the iconic KLCC within the vicinity of the Twin Towers and a beautiful park.

As this is a hybrid meeting, there will be an online platform to allow registration, interactions and other features that are known to a virtual conference. All lectures will remain accessible for a limited time-period after the meeting. The scientific content will feature the latest sciences highly relevant to clinical practice, but also clinical topics tailored for busy clinicians. Essentially, the programme is designed for everyone with an interest in gut health including primary care practitioners, family physicians, scientists, surgeons, general physicians and gastroenterologists. As a regular feature, the meeting also welcome submissions of high-quality research papers and authors will stand a chance to win our prestigious Young Investigator Awards. In addition, we will have our industry partners at their physical booths welcoming you to their latest offerings in innovative products and other latest information.

As the Organising Committee, we are excited with our programme, and hope you are too. We look forward to your physical and / or virtual attendance. In the meantime, stay safe and well.
