SESSION	SPEAKERS
<p><b>14:00-14:30:</b> Registration</p>	
<p><b>14:30-15:00</b> Introduction &amp; welcoming speeches by Presidents of MSGH &amp; MUGIS</p> <p>Introduction &amp; updates from OESO-SEMPIRE representatives</p> <p>Launching of the new OESO-SEMPIRE Education Platform</p>	<p>Hans Mahendran (MUGIS), Justin LEE (MSGH)</p> <p>R. Giuli (France) H. Mashimo (USA)</p>
<p><b>15:00-15:30</b> <b>Session 1: Who &amp; How Should One Be Tested?</b></p> <p>How to evaluate dysphagia with suspicion of pseudoachalasia or obstructive causes of the EGJ?</p> <p>Disorders of EGJ outflow in Asia vs. the West: Definitions, epidemiology, and causes</p> <p>Is high-resolution manometry good enough to diagnose disorders of EGJ outflow?</p> <p>What alternatives are there if high-resolution manometry is unavailable or inconclusive?</p> <p>Q&amp;A</p>	<p><b>Moderators:</b> H. Mashimo (USA), G. Triadafilopoulos (USA), Tanisa Patcharatrakul (THA), Justin LEE (MYS)</p> <p>Edoardo Savarino (ITA)</p> <p>Ying-Lian XIAO (CHN)</p> <p>Prakash Gyawali (USA)</p> <p>John Clarke (USA)</p>

**15:30-16:00**

**Session 2: Diagnostic Dilemmas & Conundrums**

Case #1

Case #2

Case #3

How does manometry phenotyping help in determining the prognosis of disorder of EGJ outflow?

Q&A

**Moderators:**

John Clarke (USA),  
Ellen Stein (USA),  
TEE Sze Chee (MYS)

Phei Ooi TAN (MYS)

Kee Huat CHUAH (MYS)

Tanisa Patcharatrakul (THA)

Walter CHAN (USA)

**16:00-16:10:** Break time / Promotional video of the new OESO-SEMPIRE platform

**16:10-16:40**

**Session 3: Surgical Management**

Case #6

Case #7

Should myotomy always be combined with anti-reflux procedure?

How does manometry phenotyping help in determining the prognosis of disorder of EGJ outflow?

Q&A

**Moderators:**

S P Monig (CHE),  
Kenric M Murayama (USA),  
Hans Mahendran (MYS)

LAU Peng Choong (MYS)

Renata Vianna Soares (USA)

Hon Chi YIP (HKG)

Roger Tatum (USA)

**16:40-17:10**

**Session 3: Non-Surgical Management**

Case #4

Case #5

What are the primary aims of treatment outcome in disorders of EGJ outflow?

When do I choose pneumatic dilation over POEM in disorders of EGJ outflow?

Q&A

**Moderators:**

Raman Muthukarappan (MYS), Rona Lawenko (PHL), Sanjiv Mahadeva (MYS)

Shiaw-Hooi George HO (MYS)

Ping-Huei TSENG (TWN)

Kristle Lynch (USA)

Ellen Stein (USA)

**17:10-18:00**

Tea break / Soft launch of local consensus on the management of achalasia cardia
